CertainTeed
SAINT-GOBAIN

SO MUCH DEPENDS ON YOUR ROOF.

What’s your roof protecting? Your family. Your possessions. The integrity of your house. All under one roof. All protected by the same investment.

When you choose Landmark™ Series Shingles, you make the decision that assures the beauty, durability and security of your home for generations.

Landmark Series takes roofing to a higher level. It’s engineered to outperform ordinary roofing in every category, keeping you comfortable, your home protected, and your peace-of-mind intact for years to come with a transferable warranty that’s a leader in the industry.

LANDMARK™ SERIES performs

exceptional value

Landmark Series offers four levels of high performance shingles in weight and thickness. The heavier the shingle, the more depth, thickness and dimension it offers. All four offer the exceptional value of the industry’s toughest fiber glass mat, the strongest materials available and the best warranty.

lasting beauty

Landmark Series shingles endure time and weather beautifully. They come with our exclusive StreakFighter™ warranty, protecting your roof from streaking that can be caused by airborne algae.

peace of mind

CertainTeed’s enhanced lifetime limited warranty protects against ANY manufacturing defects, which include aesthetic defects.

Landmark™ TL

- Triple-layer protection
- 305 lbs.
- Max Def color palette

- 250 lbs.
- Max Def color palette
- Lifetime limited warranty

Landmark™

- Dual-layer durability
- 240 lbs.
- Lifetime limited warranty

Shown in Max Def Resawn Shake

LANDMARK™ TL

the ultimate power shake

Three laminated layers of the industry’s most durable materials, providing a dramatically thick roofing product styled with the classic appeal of wood shakes. Like a real wood shake, it’s truly dimensional in shape, with distinct butted edges and long-lasting curb appeal.

Landmark TL costs a fraction of natural wood shakes, but the benefits don’t end there. Unlike wood, it won’t rot or decay, and it offers excellent wind and fire resistance.

Landmark TL. Don’t just choose it for the triple-layer durability, originality, or even the cost advantages. Choose it for the power of its position... high above all the rest.

LANDMARK™ TL specifications

- Three-piece laminated fiber glass construction
- Rustic appearance of hand-split wood shakes
- 305 lbs. per square

CertainTeed products are tested to ensure the highest quality and comply with the following industry standards:

Fire Resistance:

- UL Class A
- UL certified to meet ASTM D3018 Type 1

Integrity Roof System™

A systems approach combines high-performance components – underlayments, shingles, accessory products and ventilation – to make the Integrity Roof System a complete roofing solution. When you choose an Integrity Roof System, you gain the advantage of having CertainTeed as your single manufacturing source to stand behind its roof system components.

Hip & Ridge Accessories

Accessory shingles are used to finish the hips and ridges of the roof and are designed to complement the appearance of CertainTeed shingles.

CertainTeed Shingles

High-quality shingles available in a wide variety of styles and colors, covered by the strongest warranty in the business. Flintlastic® roll roofing products are also available for flat roof areas.

Roofers' Select™ or DiamondDeck™

High-performance underlayment provides a protective water-resistant layer over the roof deck and a secondary barrier against leaks.

WinterGuard™

Waterproofing shingle underlayment prevents leaks from wind-driven rain and ice dams in vulnerable areas.

SwiftStart Starter Shingles

These starter shingles are designed to work specifically with Landmark Series for maximum performance.

tips for selecting a roof

1. Think big – View a full-sized shingle, not just a swatch or sample.
2. Be real – Look at actual houses where the house and roof color combinations are similar to what you're considering.
3. Watch the light – As you look, notice how colors appear under changing light conditions and at various times of day.
4. Consider the pitch – Look for roofs with a similar pitch to your own. A roof's pitch affects the way you see its color.
5. Ask your contractor – They might be able to point you to a home where they've installed a roof of your style and color.

not sure which
color to pick?

CHECK OUT
CERTAINTEED'S
COLORVIEW.™

ColorView™ is CertainTeed's interactive tool to help you visualize product style and color options. Using it is easy. Just go to certainteed.com/colorview.

.....

We've put green thinking behind our shingle and environmentally sound manufacturing ahead of standard industry practices to produce a product line that is green and growing.

CertainTeed is committed to resource conservation. Our roofing manufacturing facilities recycle close to 90% of the production waste into asphalt materials used for the construction of roads. We also integrate recycled content into many of our packaging needs including corrugated rolls and kraft paper.

They're small steps in a big world. But we're green and growing everyday. It's a commitment we take seriously at CertainTeed.

for the
home of
a lifetime

CertainTeed building products wrap your home in quality - blending performance, energy efficiency, durability and style.

Ask for quality CertainTeed products for all your building and remodeling needs. The choice you make is for the home of a lifetime.

easy selection

What's behind our #1 rating?

Builders and remodelers across America know certain things to be true of CertainTeed. For starters, we've been in the roofing business for over 100 years. We have thousands of satisfied homeowners. The process of building that satisfaction begins the moment you turn to us.

CertainTeed offers you the broadest range of color and style choices. But you'll see it's not style over substance. You'll get a roof that's made from the highest quality materials and backed by a strong warranty program. It's our promise to you: quality made certain, satisfaction guaranteed.

Add a little accent to your roof.

CertainTeed offers Mountain Ridge, an accessory product used for capping hips and ridges. It is the perfect finishing touch for your roof, offering blended color and high-profile design. CertainTeed also offers Cedar Crest, a medium-profile design and Shadow Ridge, a low-profile design for capping hip and ridges.

#1 rating

long-term protection

Reaching for the ENERGY STARS.

As a 2011 ENERGY STAR Sustained Excellence

recipient for Energy Management, we are proud of our commitment to designing high quality, sustainable roofing products.

Color Companion Products™

With CertainTeed Flintlastic® SA, you can coordinate flat roof areas like carports, canopies and porches with your main roof. Flintlastic SA is a self-adhering low slope roofing product available in eight colors that match some of the most popular CertainTeed shingles. Ask your contractor for more information.

Landmark™ Series available in areas shown

Lifetime limited transferable warranties, including 10-year SureStart™ protection, are applicable only in the United States, its territories and Canada; for products sold outside these areas, please refer to the International Warranty for specific details and limitations.

NOTE: Due to limitations of printing reproduction, CertainTeed can not guarantee the identical match of the actual product color to the graphic representations throughout this publication.
